- EFFECTIVE** – Pleasant To Use And Leaves Clean Surfaces And Surrounding Areas Smelling Naturally Clean
- SAFE** – Bio-Powered Using Only 100% All-Natural Ingredients

What is bluwatr Nanomite All-Purpose Cleaner?

Nanomite All-Purpose Cleaner is a fragrance free, multi-purpose cleaner with high cleaning performance. Provides rapid drying and a superior, streak-free to remove dirt and smoke film from a variety of surfaces. Highly dilutable formula applied with a mop, auto-scrubber or spray-and-wipe cleaning.

What is Nano-Natural Technology?

Nano-Natural Technology is the use of extremely small molecular structures and all-natural ingredients. One nanometer (NM) equals one ten-thousandth of the thickness of a human hair. Nano-Natural Technology involves Active-Nanoids that dissolve and remove soil and stains into microscopic particles that disperse in water and repel one another. The particles are then easy to remove and less likely to re-adhere to the cleaned surfaces. The molecular structure of these particles is so small they forcefully penetrate molecules of daunting stains and soil for quick and easily removal.

Where to Use?

Especially designed for everyday cleaning of kitchens, mirrors, glass, waxed floors, chrome, restrooms, porcelain, fiberglass, appliances, stainless steel, countertops, vinyl and walls

How to Apply?

General Cleaning: Dilute 100ml product per 10L water. Spray surface and wipe clean with sponge, cloth or rinse with water.

Mopping: For daily damp mopping, dilute product 1:32 (150ml per 5L) with water. Rinse mops frequently and change solution as needed.

Auto Floor Scrubber: Dilute 1:64 (75ml per 5L) with water. For best results, employ the double-scrub method.
